"Serving the school and the community"

Parent Class Representatives

The role of the class rep is to act as a central point of contact for the class and to pass on any information which is provided to them, generally by the P&C, the school or teachers.

Examples of information shared are reminders of upcoming events, requests for assistance, P&C minutes, changes in a timetable, notification of specific class events etc.

The most common form of contact will be via email but in some cases a written note or a class note pinned to the notice board may be more appropriate. If you have not already shared your contact information with you class rep and would like to be included on the class list then please pass your contact details on to your rep as soon as possible.

This information will only be used to share school related information with you.

Thank you to the following people who have very kindly volunteered to act as parent class representatives in 2009.
